This summary sheet provides information on tank-mixes conducted with this product. Corteva Agriscience™ gives no warranty or accepts no liability in respect to compatibilities that are beyond the label. This additional information is for guidance purposes only and use is at grower's risk.

**Important Note:** Do not use any tank-mix if the mixture cannot be applied within the recommendations for individual products or if specific tank-mix restrictions apply.

Larger, more complicated mixes; unlisted mixes or replacing alternative products to those listed in this table are not endorsed. However, for further information or to register a tank-mix request please contact your local Corteva representative or call the Technical Hotline on 0800 689 8899

Physical compatibility data is based on the results of an industry recognised standard test. Be aware that in the field, water hardness, PH, temperature etc. can vary. Biological compatibility data are based on a small number of field trials, Corteva Agriscience™ cannot warrant the efficacy of other tank-mix partners. Where only Physical Compatibility or Sprayable with Continuous Agitation is shown, Corteva Agriscience™ has no biological data regarding efficacy or crop safety and only has data on physical compatibility, so growers use these mixes at their own risk.

**Notes:**

- \* Please consult manufacturers label for approved rate of Oceal in tank-mixes.
- # Tempest should be added first into spray tank mixture
- & Avoid using this mix if the crop is under stress
- † An adjuvant is not required when using Callisto

**KEY CHANGES**

- 14th May 2020 - Status change for Callisto + Codacide - Anecdotal reports have been received that the addition of an adjuvant with mesotrione-containing products may lead to increased crop safety issues.
- 19th October 2020 - Addition of multiple mixes tested with Tempest
- 22nd October - Addition of Seniphos; 2nd June 2021 - removal of support of adjuvant with Callisto mixes as Syngenta advise that it is not required.

**USE PLANT PROTECTION PRODUCTS SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE. FOR FURTHER INFORMATION INCLUDING WARNING PHRASES AND SYMBOLS PLEASE REFER TO THE PRODUCT LABEL**
